

Newsletter 5/12/22

Winter Season.

We have started to make more use of **ig** for the weekly Weds Competitions; the Club have provided a RollUp facility for us to use.

Ray Walsh ran last week's Weds comp, well done !!

We are getting 25 to 30 entrants each week, so far so good, and all fees are managed thru the accounts by Norman.

The Halfway House is running for us, and needs to be used if we want to keep it like that.

Bob has developed a system to administer Fridays, and we are considering Mondays as well.

Xmas Dinner.

Our organiser, Dennis K, is doing a great job sorting this event.

It will be the first time for two years plus that we are able to get together.

There are restrictions on space and for entertainment, but we are lucky to have the facility.

Summer Season.

Our Summer Matches are on **ig** and I am working with the Office to review them and integrate other Opens and Club Comps.

A Summer Schedule will be published in January.

Finances.

Norman continues to run the virtual finances successfully, and the year's Audit has been completed by Brian A.

Seniors Web Site.

The Management Team is looking at the Design and development of this site in the very near future.

Processes and Reporting Results are especially key here.
